

NOVAFLEX RUBBER SPEED HUMPS

Product Description

NOVAFLEX RUBBER SPEED HUMPS are heavy-duty traffic calming solutions designed to reduce vehicle speed and enhance road safety in residential, commercial, and industrial areas. Manufactured from high-quality rubber, these speed humps provide excellent impact resistance, durability, and visibility. They are suitable for both indoor and outdoor applications and can withstand harsh UAE weather conditions.

NOVAFLEX RUBBER SPEED HUMPS

Available Sizes

Length (L)	Width (W)	Height (H)
50 cm	40 cm	5 cm
50 cm	35 cm	5 cm
100 cm (1 mtr)	30 cm	5 cm
100 cm (1 mtr)	35 cm	6 cm
100 cm (1 mtr)	40 cm	7 cm
25 cm	40 cm	7 cm

Technical Specifications

Specification	Details
Material	Heavy-Duty Rubber
Color	Black & Yellow
Surface Finish	Anti-Skid / Anti-Slip
Load Capacity	Suitable for Light & Heavy Vehicles
Weather Resistance	UV & Weather Resistant
Installation Type	Surface Mounted
Fixing Method	Anchor Bolts (Concrete / Asphalt)
Operating Temperature	Suitable for UAE Climate
Maintenance	Low Maintenance

Key Features

- Heavy-duty rubber construction
- High impact and load resistance
- Anti-skid surface for enhanced vehicle grip
- High visibility yellow & black color combination
- Modular design for flexible installation
- Resistant to oil, water, and UV exposure
- Long service life with minimal maintenance

Applications

- Parking areas & basement parking
- Residential communities
- Industrial zones & warehouses
- Schools & educational institutions
- Hospitals & healthcare facilities
- Commercial buildings & malls
- Private roads & driveways
